Technical Advisory Committee (TAC)

The Technical Advisory Committee (TAC) serves a unique and integral function during the Children's Services Council of Martin County's (CSCMC) grant review process each year. The TAC is comprised of volunteers from our community who have specific knowledge of Martin County social services.

The TAC Members, along with CSCMC Staff, review applications for funding. Applications are assigned to TAC Members based on their particular areas of expertise. Hence, they are able to suggest improvements and collaborative partnerships between providers to ensure the best use of limited CSCMC dollars.

After the application review process is completed, recommendations are given to the CSCMC Council Members who ultimately make the final decision as to which programs receive funding. Together, the Council, TAC Members, and CSCMC Staff endeavor to weave a cohesive network of services for Martin County's children and their families.

The TAC Members serving in 2009-10 and 2010-11 include: Bettyanne Baum Hutton, Pamela C. Black, Alec Connolly, David Dyess, Gloria Friedman, Linda Gentry, Donna M. Hosang, John M. Lass, Cheri Sheffer, Patrick Slattery, Jim Vojcsik, and Jillian Vukusich.
